LORD IMPALER celebrate 16-year anniversary with new EP

LORD IMPALER are celebrating their 16 years of existence and 15 years since their first demo release with an anniversary EP. This latest offering named "The Serpent Seal – Το Αρχέγονο Σκότος Επιστρέφει" is a revival of the band's demo era, containing songs from their first three demos.

The complete tracklist is:

1. Dying (taken from demo "The Lord Impaler", 1999)
2. Final Gates (taken from promo "Twilight Wander", 2001)
3. Travel Through Abyss (also from "Twilight Wander", 2001)
4. Admire The Cosmos Black (taken from "Promo 2005")

Tragon, vocalist for the band, stated: *"We started this idea as a fun project but in the process we realized a lot of our fans relate to these songs, so we decided to go the extra mile and give them proper hell. It sure has the Lord Impaler quality all over it!"*. Bassist Phlegethon added: *"I am a huge fan of the demo era of Lord Impaler and participating in this EP was a great opportunity for me to live in it once again."*

"The Serpent Seal" was mixed at Thrawnsonic Labs and mastered at Strype Audio by Tom Kvålsvoll between July and November 2014. The release date for "The Serpent Seal" is set for December 7, 2014.

Lord Impaler is a melodic black metal band from Kastoria, Greece. Formed in 1998, the band has already offered four demos, two split releases, one EP and one full length album. After the release of this EP the band plans to begin recordings of their second full length album titled "In Full Regalia".
